

**Amendments to the Specification:**

**Please amend the paragraph starting on page 8, line 8, of the originally filed specification (paragraph 0036 of the published application) as follows:**

“The focus detection circuit 105, the photometry circuit 106, a shutter controller 107, a motor controller 108, a switch sensor 110, an LCD driving circuit 111, and the thermometer circuit 109 are connected to the first microcomputer 100. The ~~first~~ first microcomputer 100 transmits/receives signals to/from the image sensing lens 11 via mount connection points 10. Further, the first microcomputer 100 also transmits/receives signals to/from an image sensing circuit block 12. The image sensing circuit block 12 will be described later with reference to FIG. 2.”
